

2023 Mother's Day Appeal **ROOM SWEET ROOM!**

Join us for our 18th Annual Mother's Day Appeal to support the women and children at Family Recovery Center in Oceanside with a much-needed refurbishment of all of the client bedrooms

Our 2023 DreamKeepers' Mother's Day Appeal will provide a much-needed refresh of the bedrooms of all the clients and their children, which see constant use and wear. Each room will be refurbished with fresh bedding, including comforter sets and pillows, and furniture as needed, including dressers, colorful area rugs, toddler beds, co-sleeper bassinets and other items. Finishing touches will include a fresh coat of paint in serene, calming colors.

Help us help the Women at FRC!

The clients at the Family Recovery Center have busy, demanding days of recovery meetings, classes, onsite responsibilities, and often the demands of childcare. At the end of the day, the women all look forward to a clean, comfortable, and cozy space to focus, recharge and relax.

We can't emphasize enough the positive effects these improved and newly-refreshed surroundings will create for all FRC residents on their road to well-being and recovery!

Please join us as we show our support and confidence in the women of FRC who are working on their wellness every single day!

For our Donors willing to contribute at special donation levels, we will happily recognize your generous donation on permanent signage at FRC to honor or provide memory of your mother.

Each and every donation is important to us!

Donation levels are listed on the reverse side and on the enclosed envelope, or visit www.dreamkeepersproject.org to donate online
